

# Tierklinik Oberhaching

Tierklinik Oberhaching is looking for a highly motivated

## Veterinary Neurologist (m/f/x)

Either part-time or full-time. The ideal candidate would be a neurology diplomate (DipECVN or DipACVIM), board eligible or residency trained.

We are a well established multi-disciplinary, GVP certified small animal referral clinic with a 0.4 Tesla Aperto Hitachi MRI and a 16 slice Supria Hitachi CT on site. Located in Southern Germany only a short distance south of Munich and close to the beautiful German and Austrian Alps, the area offers multiple opportunities to combine work and social life.

### Tasks:

- join the continuously growing Neurology Service
- support development of Neurology Service within our clinic
- train colleagues to diagnose neurologic diseases

### About our hospital & the team:

- one of the well established and biggest small animal hospitals in Southern Germany
- more than 40 vets, multi disciplinary and highly motivated team
- certified as one of ten „cat friendly“ clinics in Germany
- modern working environment
- competitive compensation that includes annual training package
- flexible working-hours

### Additional requirements:

- fluent in German
